## SUITECOMMERCE CUSTOMER CENTER

Self-Service Online Account Management

Provide your customers with 24/7, selfservice account management capabilities with SuiteCommerce Customer Center, available in two editions. The Standard edition provides all of the core functionality needed for a complete B2C experience. The Premium edition provides all of the functionality offered in the Standard edition plus additional advanced features for an enhanced B2B experience.

## **Key Benefits**

- Enable buying efficiencies, including support for routine, repeat and bulk ordering.
- Streamline billing with capabilities to view account balance, invoices and transaction history as well as make payments against invoices.
- Reduce support requests with online self-service resources and tools.
- Deliver an optimised mobile experience for smartphones wand tablets with responsive web design.

## NETSUITE

## Self-Service Account Management

- Sign in/sign up/forgot password. Enable account creation, returning customer sign-in and password reset.
- Order history. Provide full access into online order history and details of each order, including billing, shipping and payment information, and order status with tracking links; enable customers to reorder items from order history.
- Profile management. Give customers capabilities to manage personal information and email preferences.
- Address book management. Shoppers can manage multiple shipping and billing addresses, including defining default shipping and billing addresses for faster checkouts.
- Credit card management. Allow customers to store and manage credit cards.
- Returns. Enable self-service returns management that allows shoppers to initiate an online return authorisation.
- Case management. Improve engagement and client satisfaction by enabling customers to submit questions or support queries, directly connected to your support desk.
- Account balance. Customers can view summaries of outstanding and available balances, deposits, credit memos and the terms associated with their account.
- Invoices and payments. Give customers with terms capabilities to make full or partial payment against a single or multiple invoices.
- Transaction history. Allow customers to drill down into the details of all transactions and to save a permanent record.

- Print statement. Customers can download or print their account statement.
- Product/wish lists. Shoppers can create and manage lists of favorite or frequently purchased items.
- Quotes. Streamline the quoting process. Allow buyers to submit a Request for Quote on your website. A company representative can revise the quote to provide the appropriate pricing and delivery information. Once the buyer provides approval, the quote can then be converted to an online order.
